

SHELLER, P.C.

FOR MORE THAN 25 YEARS, THE ATTORNEYS OF SHELLER, P.C. have demonstrated an unwavering commitment to the aggressive and passionate representation of its clients. The firm represents those who have suffered a diverse range of injuries—physical, emotional, financial and more—caused by defective products, unfair business practices and numerous other injustices.

ZEALOUS REPRESENTATION Sheller, P.C.'s attorneys are guided by a fundamental principle: Each legal matter is unique and calls for a balance of unconditional commitment and meticulous attention to detail. Clients are treated with integrity, respect and professionalism and can expect the firm to deliver zealous representation on their behalf.

The firm has a long and storied history of successful results. Recently, the firm represented six whistleblowers in the largest payment by a single defendant in the history of the U.S. Department of Justice—a settlement in which pharmaceutical giant Eli Lilly paid \$1.4 billion to remedy a wide-ranging marketing scheme for its prescription drug Zyprexa.

COMMITMENT TO EXCELLENCE The firm is proud to announce that Stephen A. Sheller, Jamie L. Sheller and Brian J. McCormick Jr. have been named to the *Pennsylvania Super Lawyers*® list.

Stephen Sheller, named to the *Super Lawyers* list every year since its inception, is the driving force behind the firm's innovative reputation. Jamie Sheller, whose practice includes automotive litigation, mass torts and class actions, has consistently been named to the

Super Lawyers list. Brian McCormick was recently identified as one of Pennsylvania's top lawyers under the age of 40, and was previously identified in *Pennsylvania Rising Stars* for four consecutive years.

COMMUNITY Sheller, P.C. believes that giving back to the community and performing public service not only fosters individual growth, but also contributes to society's growth.

Thus the firm is proud to recognize the 28th Infantry Division of the Pennsylvania National Guard for its service. The renowned "Keystone Division" is the oldest continuously serving division in the U.S. Army, and has served throughout all of our nation's major conflicts. It is one of the Army's most battle-tested divisions, and has more killed in action in Iraq and Afghanistan than any other National Guard division in the country. Presently, several thousand of these "super citizen soldiers" are deployed in Iraq and Afghanistan. Sheller, P.C. proudly honors their service.
